ABOUT our student residence in Madrid

Our residence is located in the heart of the city center of Madrid in one of the best and liveliest neighborhoods and very close to our Enforex Spanish school, just a 3-minute walk crossing the street.

The premises are within a stone's throw of the Argüelles, San Bernardo and Ventura Rodríguez tube stations, easily linking it with lines 2, 3, 4 and 6, a bus stop right at the doorstep with 9 bus lines and a short walk away (10 minutes, at the most), from one of the trendiest areas in the entertainment district, with a virtually endless offer of places and styles of food and drinks.

The residence, completely equipped with everything you might need, is distributed over 2 floors with 15 spacious and well lit rooms, some with ensuite bathroom. Living room, dining room, laundry facilities and a kitchen available for student's use, although meals will be provided if you opt for the catering service.
